

What is RefillRx?

RefillRx is a website dedicated to providing you with access to “your” pharmacy via the internet. The link to this website can be found at www.radiusrxdirect.com . With RefillRx you are able to perform the following functions at Radius Rx Direct:

- Submit refill requests for prescriptions
- Learn the status of your prescriptions
- View and print patient education leaflets

Using RefillRx

- Obtain your RefillRx Patient Identification Number from Radius Rx Direct.
- Go to www.radiusrxdirect.com and click on the RefillRx link.
- Enter your Patient ID at the bottom of the home page and press enter or click the send button. This will take you to the refill request page.
- To request a refill of one or more prescriptions, click on the checkbox to the left of each prescription, and then click on the Refill button below.
- To view drug information for a prescription, click on the drug name.
- To view label information for a prescription, click on the Rx Number.

RefillRx Reminder Service

The RefillRx Reminder service sends you a refill reminder message via e-mail at least 5 days prior to any upcoming refill. Your email address is considered highly confidential and will not be distributed. To sign up for the service, fill in the email text box located at the end of your Personal Rx Profile and click the Update EMAIL button. To cancel the service, clear the email address and click the Update EMAIL button.

RefillRx Prescription Pad

The RefillRx Prescription Pad allows your doctor to submit fills to the pharmacy. Radius Rx Direct will need to provide your doctor with a special Doctor Identification Number that allows the doctor access to the Online Pharmacy. The doctor will also need your Patient ID number for RefillRx. This ensures that the prescriptions the doctor is requesting are for you. It also allows the doctor to view your profile in cases where your prescription history might be helpful or necessary.
